Conference Dress Definitions

Females: Business suits, dresses, skirts or dress slacks/khakis with appropriate blouse and/or blazers. Denim jeans, t-shirts, shorts, canvas shoes, chains, or cut off bottoms are not acceptable.

CASUAL

Casual is defined as denims/jeans, canvas shoes, sweat shirts, etc. These must be in good taste and do not damage the image of JMG or your school. Shorts, chains and cut off bottoms are not allowed.

(Hats and t-shirts believed to be inappropriate are not allowed at any conference session.)

The conference is an opportunity for you as JMG students to practice proper business/casual dress that may be required to wear on the job. In competitive events, the students are rated on professional appearance and by dressing in professional attire this helps you to obtain the best rating. Professional dress is encouraged at most conference functions and all students should have the appropriate clothing before embarking on your trip.

Remember: Your attire reflects directly upon the image of the JMG program, your school and your community.

Please make sure each student has a copy of this document.
